Address: San Fernando Road north of Del Sur Street
 Name: Bridge at San Fernando Road and Del Sur Street
 Year built: 1930
 Architectural style: Not Applicable

Context 1:

Context:	Other Context, 1850-1980
Sub context:	No Sub-context
Theme:	Design/Construction, 1850-1980
Sub theme:	No SubTheme
Property type:	Other
Property sub type:	No Sub-Type
Criteria:	C/3/3
Status code:	5S3
Reason:	Significant for its association with U.S. Highway 6, which served as a major north-south vehicular corridor in the San Fernando Valley prior to the construction of Interstates 5 and 405. The bridge appears to meet local criteria only and may not meet significance thresholds for National Register or California Register eligibility. The bridge was identified as a contributing feature to a National Register and California Register-eligible San Fernando Road in 2012 (from the Caltrans Bridge Inventory). At that time, it was not found individually eligible for either the California or National Registers.
