**Notes:**

*Reference the Historic Resource Survey that was certified by the Cultural Heritage Commission for your Preservation Zone. Information regarding the location and availability of the survey for public review should be clearly stated here. The entire survey may be reprinted in the appendix.*

*Many historic buildings or areas also have state or federal historic status in addition to local HPOZ protection. You may wish to include any applicable background information from these sources, as well as describe any additional historic survey work that exists from prior surveys. You may wish to include a list of such state and federal designations in the appendix.*

*You may wish to create a list of neighborhood Historic-Cultural Monuments found within the zone to be included in the appendix. Remember that these monuments fall under the review jurisdiction of the Cultural Heritage Commission.*
